

PUBLIC NOTICE
PUGET SOUND CLEAN AIR AGENCY
Proposed Order of Approval No. 12215
Canyon Creek Cabinet Co
16726 Tye St SE, Monroe, WA, 98272

The Puget Sound Clean Air Agency is providing public notice for a proposed permit for Canyon Creek Cabinet Co to replace their existing spray lines with an automated process. This includes two automatic spray booths, two automatic sanding machines, two manual sanding tables, two automatic part cleaners, two vertical ovens and two horizontal ovens and one part flipper. To support the new system, two small (less than 2 MMBtu per hour heat input each) natural gas-fired boilers will be installed to provide heat for the four ovens in the system.

The proposed project will also require a baghouse to control particulate matter emissions from the sanding and parts cleaner equipment.

With the removal of the old equipment, there will be no increase in permitted emissions or changes in coating constituents. The new line will be as efficient as the current line.
