Re: Air Operating Permit No. 10873
Operating Permit Renewal Application

Dear Mr. Van Slyke:

This letter is to convey the Air Operating Permit renewal application for the Franz-Seattle Weller St. bakery, submitted in compliance with the requirements of WAC 173-401-710. We have reviewed the current Air Operating Permit and made revisions directly on a copy of the AOP as you requested. A hard copy is enclosed with this letter. We have also sent a copy to you by electronic mail.

Please contact John Pokorny or me if you have any questions about our operating permit renewal application submission. I certify that the statements and information in our renewal application documents are true, accurate, and complete, based in information and belief formed after reasonable inquiry.

Sincerely,

A handwritten signature in dark ink, appearing to read "R. Robertson".

Rick Robertson
G.M. Franz Seattle Division
